

The WEBER FAMILY

April 2024

Mailing Address:
479 Center Street N.
Baldwin, FL 32234

This time of year the weather is unpredictable. Some days it will be cold and others it will be warm. One weekend we had warm weather and a dust storm blew in. The next day we woke up to snow covering the ground and continuing to fall. Two days later there was no evidence that it had snowed and it was warm again.

Thankfully, the spiritual climate of the church continues to be warm. Some have struggled with work but God has provided for them. Others have faced relationship problems and God is continuing to work in their lives. There are also those facing health issues. Again God is at work. I am thankful that our God can and does work in individual lives to grow their faith in Him. Watching their growth also encourages my faith in God. Please pray that people continue to see God working in their lives and learn to depend on Him.

During April the Bible translation team met here in Ulaanbaatar. Bro. Bill Patterson, his wife Marcy, and two other Bible translators came and worked with the team. The boys and I enjoyed the fellowship with them. We are also thankful for the encouragement the church received from Bro. Bill's messages. Please pray for the translation work.

My program for work has finished. I will not have to teach English again until September. While I am very grateful for my visa. I am looking forward to having more time for ministry. This also marks the beginning of our summer activities. We will be planning and preparing for the months to come. We usually have a Children's Day Sunday, VBS, Family Day, A Teen Retreat, and many other activities during the summer. Please pray for these upcoming activities. Pray that Christians will be encouraged and people will be saved.

During May our co-laborers. The Cameron Schmutzler family will be going back to the US for a furlough. Please pray for them to get rest and encouragement as they visit family and churches. Because of their absence, we will need to make some adjustments. I am praying that God will use this need to cause our people to step up. I am praying that God will use others to do more. Please pray that God will give us the wisdom to make the right changes and direct the right people to step up.

The mid-term exams have been taken by the Bible college students. We will conclude this semester by June 1st. Please pray for the staff and students. Also, please pray for new students. We have a desire to train more students. The need here is great but the laborers are few. We are asking God to bring us new students.

Tammy is currently still in the US. We have purchased tickets for her to return on June 3rd. I am very thankful to all who have prayed for her. She has been able to take care of many needed things for our family. When she arrives back in Mongolia she will again be very useful to me and the ministry here. I am thankful to God for my wife and excited to continue serving together in Mongolia to "Reach Mongolia" for Christ.

Thank you again for your prayers and support.
